Policy Questions

Q14

If a vote came up, would you vote to allow same-sex-couple adoption including joint adoption and second-parent adoption?

Yes

Q15

If given the opportunity, would you vote to fund more teacher education about youth LGBT+ issues and bullying of K-12 LGBT+ students?

Yes

Candidate comments (optional):

Teachers need to be equipped to deal with these issues in schools

Q16

If elected, will you make a point to work for the creation of genders and sexualities alliances (GSAs) and programs like GLSEN (Gay, Lesbian, and Straight Education Network) in K-12 schools?

No

Candidate comments (optional):

It's not my major area of concern, I will leave that for others to deal with

Q17

If given the opportunity now, would you vote in favor of the Equality Act of 2015 including non-discrimination in employment, public education, housing, credit, etc.?

Yes

Candidate comments (optional):

noone should be discriminated for any reason whatsoever.

Q18

The United States has in the past joined other countries and recognized global human rights that protect LGBT+ individuals at risk for and/or seeking asylum from genital mutilation, imprisonment, and/or death. If a vote came up, would you vote to support these categories of global human rights and the asylum provided by the United States that would protect LGBT+ and Intersex individuals?

Yes

Candidate comments (optional):
again, noone should be discriminated against for any reason

Q19

Some LGBT+ immigrants who are detained are not given access to appropriate healthcare and medications. Some transgender immigrants are misgendered and subsequently placed in incorrect populations. Support for these groups would include helping transgender immigrants obtain proper identification in relation to their gender identity. If a vote came up, would you vote in favor of immigration law that takes the special needs of these groups into consideration?

Yes

Candidate comments (optional):
i see the human being who needs help, not a gender specific identity

Q20

If a vote came up, would you vote to fully fund HIV/AIDS programs including education, research, and community outreach?

Yes

Candidate comments (optional):
if there is a need, then yes.

Q21

If a vote came up, would you vote to include LGBT+ questions/categories in the U.S. Census?

No

Candidate comments (optional):
i'm not sure this is relevant to population counts. Maybe to focus groups or marketing firms but not general population info.

Q22

There have been recent threats to reverse the decision by the Supreme Court requiring government employees to comply with the law to issue marriage licenses to same-sex couples? If a vote came up again about this issue, would you vote to protect the Supreme Court's decision?

Yes

Candidate comments (optional):

laws are laws and should be followed even if you oppose them.

Q23

If given the authority, would you remove government workers from their jobs if they refuse to uphold the federal marriage equality law? For example, a county clerk who refuses to issue a marriage license to a same-sex couple.

Yes

Candidate comments (optional):

if it is there job and they refuse, i would seek to relocate them first. Termination is a last resort.

Q24

If a vote came up, would you vote to protect or improve nondiscrimination legislation that protects LGBT+ individuals in areas such as public accommodation, housing, and employment?

Yes

Candidate comments (optional):

noone should be discriminated against for any reason, but noone should get special treatment either.

Q25

If a vote came up, would you oppose anti-transgender legislation including so-called "bathroom bills," nondiscrimination policies, healthcare policies, and workplace protections?

Yes

Candidate comments (optional):

You still have to consider the feelings of those who would be uncomfortable sharing a bathroom with someone of the opposite sex.

Q27

Many transgender/gender non-conforming individuals have difficulty obtaining updated birth certificates after transitioning because the state of TN prevents changing gender markers on birth certificates. This can affect their ability to get a voter ID card that best fits their new gender. Do you think that the law should be changed so that transgendered citizens can register to vote using the identification that fits their gender?

No

Candidate comments (optional):
sex is biology, gender is choice

Q28

If a vote came up, would you vote in favor of allowing churches or businesses to continue the practice of gay conversion therapy?

Yes

Candidate comments (optional):
it should be acceptable for someone struggling with thier sexuality to seek council from religious entities for counsel should they choose to do so.

Q29

If a vote came up, would you vote to support continuation of the DACA program?

No

Candidate comments (optional):
I believe the entire immigration and naturalization program needs to be overhauled to reflect current needs.

Q30

If a vote came up, would you vote to provide financial support of Planned Parenthood?

No

Candidate comments (optional):
I can't support an organization that terminates the lives of unborn children. I would be very likely to support organizations that actually specialize in other womens health needs.

Q31

Unlike the law in other states, Tennessee's Hate Crime Law (Tenn. Code §40-35-114(17): a) does not include gender identity/expression as a protected category, b) does not require that law enforcement collect and report hate crime data, and c) does not explicitly provide for law enforcement training on hate crimes. If given the opportunity, would you vote to revise the law and correct these three omissions?

Yes

Candidate comments (optional):

noone should be fearful for any reason regardless of who they are and they have the right to be protected like anyone else.
